

## IS5321-0903FT

Pelican Hardigg

Logistics have long relied on the standard military pallets to move large loads to the theater of operations. However, unorganized and loose loads can threaten operations such as cargo airdrops. The ISP Case system allows all 16 sizes to be mixed on a standard military pallets with no wasted space. The Inter-Stacking Pattern builds a tight, stable load with minimal strapping or netting. Upper level cases, when cross-tied to the layer below, can effectively control shifting of the entire load.

Available in several sizes, these cases are completely configurable with a wide range of bolt-on options like document holders, casters, humidity indicators and much more.

## DIMENSIONS

**Exterior (LxWxD):** 55.75 x 23.75 x 17.63"

## MATERIALS

**Body Material:** *RotoMolded Polyethylene*

**Latch Material:** *Steel (Nickel-black Plated)*
